North Waikato School Gymsport Festival

On Wednesday 24th of June, 19 students competed at the North Waikato Gymsport festival in Hamilton. Well done to the following Kimihia students that participated; Calvin Creighton, Jordyn Farmer, Abbey Robinson, Jorja Dickinson, Matty Bruning, Henry Elia-Cameron, Jack Bruning, Tamieka Macdonald, Mikayla Thomasen, Relanee Kerapa-Ormsby, Jorja Pettit, Anna Moffitt, Jade Macdonald, Levi Jones, Siuila Niurou, Hunter Wright, Benjamin Biddulph, Ryley Yates and Kayden Farmer. These students showed outstanding commitment, determination and perseverance when preparing for the competition. We had a very successful day at the festival and some students achieved amazing results, including placings. Special thanks to Tom Wilton for his help with training sessions over the 10 weeks leading up to the competition. Thank you also to the parents that supported with transport and/or supervision at the event, Rebecca Bruning, Jason Farmer, Rachelle Thomasen, Sarah Young, Richard Biddulph and Rochelle Pettit.

Special Congratulations go to:

North Waikato School Gymsport Festival

On Wednesday 24th of August, 18 students competed at the North Waikato Gymsport festival in Hamilton. Well done to the following Kimihia students that participated;

Jorja Dickinson, Matty Bruning, Henry Elia-Cameron, Jack Bruning, Tamieka Macdonald, Mikayla Thomasen, Jorja Pettit, Ruby Messent, Anna Moffitt, Hunter Wright, Ryley Yates, Maria Tapp, Briar Bland,

Mya Te Are Steenbok, Kayden Farmer, Alice Bruning, Cyann Batt and Paris-Lee Blake. These students showed outstanding commitment, determination and perseverance when preparing for the competition. We had a very successful day at the festival with students achieving amazing results and some students are going on to represent Kimihia School at the Waikato Regional Finals in Hamilton on the 21st of September. Thank you to the parents that supported with transport and/or supervision at the event: Loretta Tapp, Sarah Young, Natasha Bland, Dianne Messent, Iain Macdonald and Rochelle Pettit.

Poetry Day

On Sunday 28th August it was National Poetry Day. A group of 11 Kimihia Kids from the Team 3 Literacy Enrichment group, Ashley Lowe, Jordan Moffitt, Annika Te Anga, Liam Reid,

Indianna Holster, Amber Bate, Summer Holland, Sophie Hulme, Devon Jenkins, Leo Collins and Cameron Roberts attended a writers workshop and drama workshop in Hamilton at Marian Catholic School that was run by Judi Billcliff, Sandra Timlin and Kenzi Larsen as part of Poetry Day. Students had the opportunity to write their own poems and perform in dramatic plays. Thank you to our amazing parents that transported the students to

the event, Rachel Roberts, Shelley Moffitt and Lynda Holland and Dianne Roberts.

Can's for Our Community Christmas Tree

On Wednesday the 21st November, we held a mufti day to collect cans of food. The theme was 'Summer Fun' and we collected 319 cans. The cans will be stored at school to support our school families that may suffer some form of hardship in the coming year.

But first...

They will travel to Hamilton to be entered into the 'Trees at the Meteor' Christmas tree exhibition.

Each student has contributed in the creation of our tree. Donating a can or two, creating a decoration or helping with the construction of the tree.

You can visit the exhibition

Meteor Theatre

Corner of Victoria and Anzac Parade, Hamilton

Thursday 13th December to Tuesday 18th December

7pm to 10pm

(Saturday 15th 5 - 10 pm)

Cost: \$6 pp or \$20 family 2 adults/2 children (under 16), extra child gold coin, under 2s free

If you visit the exhibition don't forget to vote for our tree.

William Pike Challenge Tough Guy & Gal Challenge

On Thursday 10th September the William Pike students joined students from around the Waikato to take on the Junior Tough Guy and Gal Challenge at the Ngāruawāhia Christian Youth Camp. The course was challenging with a range of obstacles to negotiate including hills, tunnels, fences, walls and of course MUD! Every student participated with enthusiasm and determination, and some did it in a super fast time.

Meeting in the Taster of the Kingsley School

Welcome back to what we hope will be a much more happy year without Covid19!

I would like to extend a warm welcome to all our new staff and children that have started their learning journey at Kingsley School. I am sure your family will enjoy all the experiences the school has to offer.

This term the students will be focusing on being a healthy, safe, happy Kingsley kid. To be a healthy and happy Kingsley kid there are certain values we need practice, cleanliness, empathy, kindness, responsibility and moderation. It is really pleasing to see our students return to school in happy moods, and with a positive attitude for learning.

Go outside of the house lucky!

So far we have been lucky to have not had any major changes to how we run our school under the new ending changes in place for Covid-19. It was interesting to what we did to prevent it from what we thought, we put into to motion against about our families health and sent to give information about the school environment. A year 2021 has made them one of the categories defined for Covid-19 being kept checked to a health professional and keep them there.

Swimming lessons – We had some of all the participants that were part in the Junior Swimming lessons. While it was not the weather and other things that have been closed schools and did not they were not able to go to see to many with you supporting on this day.

With the weather changing we are seeing an increase around schools going to Kinritha
Pool. These were not for the children of our school but for the school from the outside area, and for the students who still have to be seen and to be checked for the Covid-19 (currently). This was just for each school to the site.

What's New Challenge – In Friday the 26th of February the Whānau Hui students completed the Challenge with a goal and follow up to the team of 1000 hours. The way we have kept and keep and we were grateful for the show of the school. The challenge was not for the school and there were many more ways that we expected that didn't stop of the school.

Well it is nearly the end of the term and the chilly weather is descending upon us rather quickly. As a parent/guardian the other day there are only 8 days of school in April. Please remember that 7 April is a Teacher Day. From time to time it is necessary for teachers to have professional development on new curriculum and all teaching requirements present themselves.

Uniform - please make sure you name your child/children's clothing. The lost property bin is full of good quality uniform items. Check it out, you never know when you may find it.

Price cycled - at the end of term 2 we will be giving free clothes to every child in the school. We have sent home a donation development form for those students who present with special dietary requirements. This is not about what your child likes to eat. It is impossible to cater for every child's likes or dislikes. Teaching our children to be grateful and trying new food will be the key and I look forward to your support as this Ministry initiative.

Golden Swimming Sports and Inter-school Swimming Sports - A big thank you to all our parents and families who provided support with swimming lessons at the Hurley Aquatic Centre, assisted with Hurley Swimming Sports on the 12th March and also the inter-school swimming sports on the 19th March.

THANK YOU TO ALL:

Thank you to all those who attended the Term2/Week30 Partnership meeting this week. It is important that you remain where you think it is, and you should not be shy to ask questions. You need to know how they are doing, looking at what their attitude towards learning is. You have any concern or a question please do not hesitate to contact me via WhatsApp. I will be able to give you the necessary feedback of the teachers who give you their personal time to make these meetings happen.

I want to thank those who you have invited to come along to the meetings, enjoy getting out and doing things with your families and don't forget to mention your MTR/MTG experience on your social media. Keep taking lots of lovely photos.

William & Giff Challenge – Tough Guy & Girl Challenge
 On Tuesday 22nd at the William Pike stadium joining nearly 1000 students from across the Mbaraki to take on the charity Tough Guy and Girl Challenge in the Agapiohara & Christopher South Estate. The event was challenging with lots of energy of students to help people including the, nurses, teachers, and community.

With and of course MTR/MTG energy participated with enthusiasm and commitment. Congratulations to all the students that participate are maintained especially high levels of energy and positivity through this.

**Take a moment to be welcome in the name of Kimhira,
Greetings to the families of Kimhira School**

For this Monday

Mostly thank you for your flexibility and understanding. As we navigate the school through the latest Covid 19
pandemic, I realise that this has not been easy for you. Many of you are still working and we are going into the holidays.
Please be assured that, as a school, we intend to make everything as easy as we can in order to support our
families. For this Monday, please go to the school to get school bags, school work and Personal Protective
Equipment and rest of the kind to be given.

Remember to keep your own 'social media', **know who you are** and who you are communicating with, know
what you are saying, and know the questions about our school's operations and activities. So please be
happy for your children and school. I, as a teacher, I am a primary teacher, I have a child at school every day.
I wish you all good and happy holidays.

 Phone 021 818 7495

I hope you are all well and doing as well as you can.

As you have missed some lessons recently, Kimbiza School is happy for the year on Friday 19 November at 2:30pm. Monday 15 and Tuesday 16 are the first days of the N2 collective agreement. We will use these days to prepare for our 2023 new year.

There will be no formal prize giving this year, as we have to follow the N2 COVID-19 Protection Framework document. We will celebrate the Year 6/5 all other certificates will be given to students in their learning years. You will receive more information via a memo this week.

In order to keep in all safe, I ask you not to enter school grounds unless absolutely necessary, and please wear a mask. Both the amount of restrictions now that we are in level 4 and the time in class is hard to be prepared that we are in level 4 in all that we do. Thank you for your understanding on this matter.

Low Stock - 2023 Yearbook - This book is only available to be done in 2023 as every teacher for 2023. This means we will have very low numbers in Learning Books.

Yearbook - 2023 Yearbook is again available to purchase. \$10 each, orders and payment to the office or direct to our bank account, at Mon 6 Dec. The Yearbooks will be available from Thursday 12 December.

Principal's Letter

Dear Parents,

I am writing to you today to share with you the latest news from the school. We are very proud of the achievements of our students and staff. We have been successful in many of our projects and we are looking forward to the future. We are also very grateful for the support of our parents and the community. We hope you will continue to support us in the future.

Yours faithfully,

Principal

Join the team to welcome the East & Embrace
Experiencing the Essence of Singapore

Introduction: Welcome to Singapore and the vibrant multicultural landscape that is Singapore.

Activity 1: Singapore's History – Journey through time to discover the story of Singapore, from its early beginnings as a trading port to its modern status as a global city. Explore the island's rich heritage and the impact of British colonial rule.

Activity 2: Singapore's Geography – Discover the unique geographical features of Singapore, including its location, climate, and natural resources. Learn about the island's diverse flora and fauna, and the challenges of living on a small island.

Activity 3: Singapore's Culture – Explore the multicultural tapestry of Singapore, from its Chinese, Malay, Indian, and European roots. Discover the island's unique blend of traditions, customs, and languages, and how they have shaped the nation's identity.

Activity 4: Singapore's Economy – Learn about the island's economic development, from its early days as a trading port to its current status as a global financial hub. Discover the role of government, industry, and innovation in Singapore's success.

Activity 5: Singapore's Future – Explore the island's vision for the future, from its commitment to sustainable development to its goal of becoming a smart nation. Discover the challenges and opportunities ahead, and the role of each citizen in shaping the nation's destiny.

Sandy MacDonald's Reunion Address

I was born in the Huntly Maternity Home in Upland Road and was taken by my mother to the family's Quanset Hut on the southern shore of Kimihia Lake to join my older sister Stancy. My father had secured the job as a heavy machinery operator at the Lake as Downer & Company had the contract to expose the underground coal workings by constructing a coffer dam to enable the draining of a large section of the lake and opening up a pit down to the 10m thick sloping layer of coal.

I lived in the hut until 1948. The home was close enough to the lake edge to be able to fish out of the north-facing windows. In 1949 our family, along with others who had work at the lake excavation, moved 400m east along the mine railway line into a 7-house village built exclusively for the miners.

We lived at house #4, about 400 meters away from the school which sat on an area of land that overlooked the lake.

I vividly remember my first day at school on July 10th 1950 as my mother chased her reluctant 5-year-old son (me) to school with a stick pulled out from the hedge, along the village access road and up a farmers field (which was a better way than along the gravel road) and up to the school fence.

When I looked through the school fence I recognized one of my older sister's playmates, Joyce Davidson, and I was through the fence and gone without any goodbyes to Mum.

My memories of being in the single-room school amongst all class levels and being taught in succession by a Mr Parsonage, a Mr Whaley, a Mr Bartlett and a Mr Pat Lawless are obviously scarce. The room was unclad and depended on its warmth in winter from a pot-belly stove situated just inside the classroom door. To keep the temperature down in summer, the windows were slid up, allowing the breeze to cool the room.

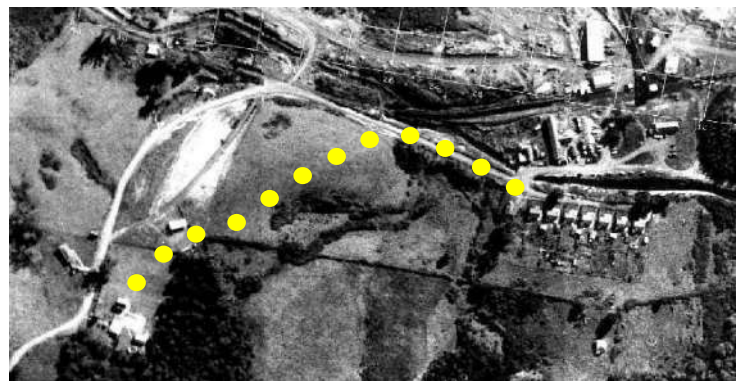

The senior boys in winter were given the duty of firing up the stove before 9am utilizing the coal supplied by the mine. There was a competitive spirit in getting the

stove to put out as much heat as possible. This was measured by how high up the internal chimney the red-hot glow could be encouraged!

The stove was used to heat the free milk supplied by the government (in glass bottles) so that warm cocoa could be available at playtimes. In summer the milk, which was stored in a box by the school gate soaking up the warm sun until playtime. Each pupil was required to consume their bottle of milk, but in the summer the milk was so warm that much of it was secretly tipped out by the pupils when the teacher was not watching.

In the mornings, before leaving home, I breakfasted on a plate of Weetbix, then prepared my lunch which was mainly a couple of jam sandwiches and sometimes a piece of fruit. Occasionally my lunch box was boosted by left-overs from the previous evening meal. I took no drink to school as that was supplied by the tap from the school tank.

The trek to school was generally west along the road parallel to the railway line and then via the shortcut up and across the paddock to the school.

Mine village pupils preferred route to and from school.

Travelling along Kimihia Road was potentially hazardous as the traffic could be a danger to us from coal-trucks, taxis and service vehicles travelling both ways on what was a very narrow gravel roadway. The taxi that we as a family utilized to get into Huntly was driven by the legendary Tommy Williams.

In the cold of winter we looked for the chance of warming our freezing feet while travelling through the paddock by hunting for and locating fresh cow-pats, removing our sandals or shoes, and standing in the sloppy fresh droppings until our feet had warmed up.

The only disadvantage to this method of warming up was having to wash the manure off our feet under the cold-water tap outside the school cloakroom, dropping the temperature of our feet back to square one!

If we failed to do a good job with the washing of our feet we would carry the smell with us into the classroom, which did not go down well with the teacher and other class-members.

In class I recall the daily chanting of both the alphabet and the times tables from two-times up to 12-times as

we read the information from the chalkboard.

Swimming lessons were conducted on the lake edge below the school where we competed with eels, ducks and fish, as well as the lake's reed vegetation.

In 1953 I shared the classroom with my older sister Stancy and my younger sister Christine.

My first teacher, Mr Patridge, lived in a Johnson farm cottage on the junction of Kimihia Road and James Road, about 500 meters away from school. Mrs Patridge used her sitting room as a classroom for the girls to do sewing while the boys used the school shelter shed for fret-sawing patterned plywood sheets to construct models.

I recall the "Radio to Schools" programme where the whole school would listen to 30 minutes of radio time once a week on a Thursday morning. Included in the listening was singing practice.

When I rose through the ranks to Form One I had the responsibility of topping up the ink-wells each morning as we had graduated from pencils to ink pens with small reservoirs in them.

Playtime was often spent in the shelter shed, climbing up the junction of the internal walls, or getting involved in marbles, knucklebones or chasing games on the field.

In the mid-50s Pat Lawless became the teacher. His home was a new house erected just across the road from the school.

Classes were frequently interrupted by the very loud noise of coal-trucks grinding their way up the hill and past the school, or the empty ones using their low gears to slow down when heading down the hill towards the mine.

In the mid 1950s we were informed that a visit to Kimihia mine would take place by the Governor General Sir Willoughby Norrie. When the time came near for his journey past the school we hung out by the roadside fence and watched him cruise slowly by in his chauffeured Rolls Royce. We shared waves as the luxury car glided past on the narrow, dusty and pot-holed mine access road.

On a few other occasions we were permitted to head outside when we heard a passenger plane approaching from Auckland, heading for the Hamilton airport. The planes were turbo-prop and could be heard coming from a distance away. The brand on the side of the plane was "TEAL" (Tasman Empire Airways Limited) shortly later to be renamed as Air New Zealand. The flights were so infrequent that it was exciting to be able to watch and wave at the flying rarity.

On one occasion we watched a group of jet aircraft shoot past overhead and were fascinated and puzzled by the fact that the planes flew past silently before the noise of their engines appeared to follow behind!

The only two school trips that I can recall was one to

the Huntly Brickworks where we could see the stamping and firing of bricks made from local clay. It is interesting to note that when the original school closed down at the end of 1966, its grounds were dug up for the clay that the Brickworks needed.

The other was a sports trip to the small school at Island Block, somewhere eastward of the Meremere Power electricity generating plant. I have since not been able to discover just where that old school was situated.

I can remember my first (and only strap). The situation was that on the previous Saturday a farmer had brought his tractor onto the school property to mow the lawn. The long lengths of cut grass had been raked into one area by the farmer towards the northern end of the school property, the furthest distance from the school building, about 75 meters away.

At playtime on the following Monday we older boys discovered the clippings and began to construct a fort. We were so involved in the activity that we did not hear the school bell that signaled the end of playtime.

In failing to turn up we were subsequently lined up and given two strokes with the leather strap onto our outstretched palms. I bawled my eyes out and immediately ran straight home. My Mum returned her reluctant son that same lunch-time.

In my senior Form 1 and 2 classes we attended Manual Training once a week in the Manual Training building at Huntly Primary. That required a lengthy bike ride along the gravelly Kimihia Road, avoiding any following or on-coming traffic by pulling over and standing in the roadside ditch, until we got to the Russell Road junction. From then on it was a tar-sealed road.

The remaining danger was hoping my dysfunctional disc-brake would work before I hit Hakanoa Street at the bottom end of Kimihia Road. If the brakes refused to work the only option was to head straight across Hakanoa street and over the main trunk railway line then on to State Highway 1. That crossing had been closed in 1943.

Following a year away in Taihape we returned and

moved into farmer Len Rosser's original home at 12 Russell Road, later to be re-numbered as 21 Russell Road.

Walking to school entailed heading north on Russell Road and then heading down a farm access road (now called McVie Road) which terminated after 100 meters at the gates of the farmer who later sold his land for the building of Kimihia School on the newly constructed Tamihana Avenue in 1967.

Those of us youngsters who lived in the Russell Road area, and who did not bike to school, carried on from that farmers gate and down a cattle track to the mine-access railway line. Heading along the railway line we needed to be aware of possible train movements as the only way to safety, if the train, came was into the swamp that bordered both sides of the track.

A few times I rode that way on my bike either along the bumpy rail ties or along the extremely narrow trail between the swamp and the railway ties.

Occasionally I made more use of my bike, which boasted balloon tyres, and headed from Russell Road to school along Kimihia Road. I dreaded the part of the journey that took me downhill from the Yates gate (where the water tank is now situated). The gravel was loose and it was worse at the bottom of the incline where the road veered left past house number 171 Kimihia Road.

My heart was in my mouth as I headed down the hill at speed and tried braking in time before I hit the accumulated loose gravel at the bottom to get around the corner safely. My bike brakes did not always operate efficiently, giving me visions of coming off and body-surfing along the rough gravel.

The 1957 Form 2 class comprised just me and Glenys Wilkinson, the daughter of the Kimihia Mine Manager. As seniors we were given our week's work assignments in a notebook. I enjoyed Arithmetic so I would spend all day completing the whole week's assignment before moving on to more boring ones like English or Social Studies. I was quickly found out and told to stick to the daily schedule as given.

That year of 1957 was the School's 60th Reunion year. All the pupils worked hard in preparing displays. I constructed a large dragon out of plasticine and placed it on a table, along with other displays, beside a window where it could be brightly lit. My jobs was to supervise the displays while the Reunion activities went on outside, prior to the adults coming back in to see what we had done. As the sun streamed into the room and across the table I saw my dragon slowly softening and

sagging to form a blob on the plate! My creation had died!

*1966 staff member Marion Bogie
with 1966 teacher Sandy MacDonald*

I was not to know that December 10th 1977 would be my last day at Kimihia School.

I attended Huntly College followed by two years at the Hamilton Teachers College where I trained as a Primary School Teacher. That Training College was later expanded to become the Waikato University. My Probationary Assistant year was spent at Huntly West Primary School which was followed in 1966 by being a qualified teacher back at my original Kimihia School.

There were three of us – Principal Mick Mather taking the senior classes in the original building, me with the middle school of Primers 3 & 4, Standards 1 & 2 in the prefab, and Marion Bogie in the second prefab with the new entrants and juniors.

The school also now boasted a small staff room beside the main building.

I cannot recall much more about my teaching time, just that I loved my class of nearly-perfect pupils who would, today, be in their mid-60s!

One incident that has remained with me throughout my teaching career was when I set the class an activity that, when completed, the first four could claim their rewards from off the shelf by my desk. The rewards were lollies.

No sooner had I stopped talking and turned my back than a large number of boys launched off their seats and headed for the sweets. It was chaos.

There were some yells and shouts and the crashing of desks and chairs. The aftermath resulted in a pile of furniture and several small injuries. I never tried that again!

For the first half of 1966 I biked to school along Kimihia Road (McVie Road did not exist). In the second half of that same year for my 21st birthday I was gifted a car through my grandfather's will and drove, saving time and being able to park in the off-road bay by the school gates. That was the same area used in the earlier years for students to hitch the horses that they rode from their farmhouses as there was no road access to the school for the first 43 years of its existence.

In conclusion I would like to read out the names of the 24 who were my pupils. Two names I have forgotten, and I would appreciate anyone who could complete my memory by placing those missing names under the 1966 class photo on page 187 in Volume 1 of the school history books.

Bruce Seaton's Memories (Principal 1971-1977)

I began my position at Kimihia as a teaching Principal in 1971. My family lived in the school house which was in Tawa Road beside the Kimihia Open Cast Mine across the road from where the school stood earlier. The school was now established in Tamihana Avenue, in the northern end of Huntly.

In October this school house was transported into Railway Street (later named McVie Road) which bordered the school site. Our family had been temporarily housed in a secondary school house on Tamihana Avenue, opposite the school gate.

Location of the school house transferred from its Tawa Road site.

The most eventful memories of this move were, firstly the antics of the crew in guiding the house, mounted on a narrow vehicle, down through a narrow and very tough Tawa Road, with literally only 10 millimeters to spare. But more so, I stood with my heart in my mouth while the crew pulled the house up and around Railway Street (McVie Road) corner and continued the arc onto the site. The guide stood, calling to the driver "Keep going! Keep going!", and the house rolled off the top side of the trailer and stood on its side! As it continued up on to the site it slowly settled back into place and settled where it is today (at 58 Russell Road).

And, despite that shift, there was no serious damage.

Sport

Teams took part in all sports arranged by the neighboring schools, including the usual boys' rugby, girls' basketball, gymnastics, as well as the combined Field Days when up to 800 pupils would arrive onto the (Huntly) Domain for competitive games and round-robin contests.

We inaugurated the cross-country runs each year, starting and finishing at the school. The tracks were down Tamihana Avenue and on to a farmer's property (with his permission), across the country, over a shallow bog area, through a small stock yard finishing back at the school grounds.

This proved to be very popular and was run for pupils of Standards 3 and up.

Our choir entered school competitions.

New Open-Plan 4-Room Block Opened in 1975

As time went by our numbers grew so that, in 1974, two prefabricated classroom were brought on site to house that

growth. These were both in poor state, and that School Committee arranged that they be up-dated and re-painted. They were sited on the upper area near the school pool.

In 1975 a four-roomed open plan building was constructed facing the school office. Open-plan rooms were a new concept then, and staffing had to be carefully selected.

It is probably fair to say that much experimentation went on in the first year by the three classes that were taught in that room.

Card Evenings

In 1972(?) a new Parent-Teacher Association introduced "Five Hundred" evenings at the school for interested parents, purely as social evenings. These became very popular, and help for beginners was introduced. Evenings were concluded with tea, coffee and a biscuit for a social chat.

Adventure Playground

The Huntly Power Station was built during the early seventies. I represented Education on the joint committee which was established in Huntly, covering all interests. The Committee met regularly with the Power Company and all were kept totally up to date on where the project was up to and to warn of future developments affecting the town.

Huntly Power Station..

Imagine my surprise when, one day, a huge truck laden with timber, poles, blocks, etc arrived at the school gate with the question "Where do you want it?"

We were advised that when large projects were carried out in towns some other gift was made to that town and, in this case, we were given a huge adventure playground from the power authorities.

There followed many hours of weekend working bees putting together the sections of a large high structure, which challenged our middle and senior classes.

Poem

Here is my explanation for a poem I wrote and gave to all those I was able to make contact with. It involves the names of every teacher who was on the staff during my 7 years at Kimihia. . . .

When I was advised by the Education Board that I had won the Principalship of an Auckland school (for which I had applied towards the end of the year) all the school was told and wind-up began.

At an afternoon tea one day with the staff, they presented me with a beautiful silver tray, with the school name and year embossed (this still and will always adorn my lounge table).

Two days later I received a call from the Auckland Staffing Officer to tell me an error had been made in the appointment, and another teacher who was "on transfer" should have been appointed, and I was offered alternative vacancies in the Auckland area. I immediately told my staff and Committee and all was put on hold. Any farewell gifts were returned.

The Auckland Staffing Office rang me to say they were

going to fight the Department. For a couple of weeks the challenge was argued until Auckland won its case and my appointment stood. Not a comfortable experience.

Before school closed for the year I put together the poem, which included every teacher and non-teaching staff member who had been at the school during my tenure.

The record was published in a small magazine-style paperback and a copy given to all staff mentioned in the poem.

See page 268 for Bruce's poem.
